

## Prayer Requests May 26 – June 1

**Sunday 26** – This week we are hosting a [Family Retreat in Georgia](#). Pray for families impacted by disability as they travel today and tomorrow. Ask God to orchestrate all of the details and activities in such a way that families impacted by disability will experience respite, refreshment, and fellowship.

**Monday 27** – Today, on Memorial Day, as we in the United States remember fallen military personnel, pray for an end to conflicts around the world. Remember those who continue to grieve the loss of their loved ones, praying for their comfort.

**Tuesday 28** – Praise God for each person who contributed towards making scholarship money available to families that might otherwise not be able to attend [Family Retreat](#). Ask God to continue to provide so that finances will never be the reason a family cannot participate.

**Wednesday 29** – During Arthritis Awareness Month, pray for individuals who live with the daily pain of arthritis. Ask God to incite creativity in local churches so that people who are isolated because of their pain will feel remembered and cared for.

**Thursday 30** – Praise God for the newly developed [Cub chair](#) that has allowed Joni and Friends to better meet the needs of children through [Wheels for the World](#). Pray that the adaptability and portability of the wheelchair will allow each chair to serve a child well, for a longer period of time.

**Friday 31** – All across the United States and around the world, governments are considering legislation that often undermines the sanctity of life. Pray for advocates of life-affirming legislation. Ask God to protect the unborn, the elderly, and those who are perceived to have a poor quality of life.

**Saturday 1** – Praise God for the [Corporate Interns](#) joining our office staff for the summer months. Pray that their ministry involvement and exposure will serve as a good foundation for a lifetime of service to God.
