Tips for Creating a Communication Board

Creating your own Icon Board allows you to customize it according to your needs. It can be a good idea to take photos of locations at your church to use on your communication board (i.e. the playground, the sensory room, the bathroom, etc).

Many free images can be found online. Suggested sites for free icons include:

- [Pinterest](#)
- [Geneva Center for Autism](#)
- [Victories 'N Autism](#)
- [Do 2 Learn](#)

To save time, you can also purchase complete communication systems:

- [PECS](#) – this is the original picture exchange system and their icons are still widely used.
- [Mayer-Johnson Boardmaker](#) products are robust and often used at schools.
